Note: All activities will be run in accordance with The Scout Association's safety Rules. No responsibility for the personal equipment/clothing and effects can be accepted by the organisers and The Scout Association does not provide automatic insurance cover in respect to such items.

Name of young person: **D.o.B:**

Event: Triton 16

I understand that the event Leaders reserves the right to send any participants home if deemed necessary.
If it becomes necessary for the above named young person to receive medical treatment and I cannot be contacted to authorise this, I hereby give my general consent to any necessary medical treatment and authorise the Leader in charge to sign any document required by the hospital authorities.

Dietary Needs

Medical conditions that the organisers should be made aware of

Signed: **Date:**

Relationship to young person:

Note: The medical profession takes the view that the parent's/carer's consent to medical treatment cannot be delegated. This view is explicit in The Children's Act 1989. Thus, medical consent forms have no legal status and a doctor or nurse insisting on the consent of a parent/carer to a particular treatment has the right to do so. For this reason we do not recommend that Leaders insist on parents/carers signing the statement above. However, it can be a comfort to medical staff to have general consent in advance from parents/carers or to have a Leader on hand able to sign forms required by medical authorities.
